

2023 ACEbc PROVINCIAL CONFERENCE

Coordinating Connections:
Developing Aspects of the
Community School
Approach

Join us at the beautiful Crystal Lodge at the base of the mountains in Whistler, BC, for three days of learning, developing, and what we do best, connecting!

With exceptional presenters, opportunities for group discussions, and a visit to the Squamish Lil'wat Cultural Centre, grow your connection with yourself, nature, colleagues, and your work.

Keynote Speaker: Susan Montabello

When we become aware of the many moments of awe we experience, we can handle stress with more resilience and ultimately, be healthier. In this session, we will discover more about how to find and seek out awe in nature and in community, and how this can help us, and our teams, to prevent professional burnout, and instead, to flourish.
